Featuring a veritable ‘A List’ of musical talent and collaborations, Tah has roped in a few friends along the way to give his album the final knockout punch.

**Cee-Lo Green** from **Gnarls Barkley** lends his vocal skills with the collective production team **C.A.S.H** to the massive follow up single, *Lavish Lifestyle*. Co produced by **DJ Lethal** from Limp Bizkit and House of Pain fame, whose production credits include, Run DMC, Sepultura, Rob Zombie, Everlast and Sugar Ray. Add on guitars, **Richie Kotzen** from glam rockers Poison, this looks set to be a monster of a track! Home grown talent, **Mutya Buena** sings her heart out on the hotly tipped track, *Give Back*, which has chart potential written all over it. Tah’s debut single, *Time of My Life*, an uplifting, feel good party track was a timely introduction to the entertaining antics of Tah Mac.

*Welcome 2 Tahlnd* is a positively charged concept album that takes you on a journey through Tah’s musical influences, philosophy and lifestyle as he lays down the party anthems for 2009 and gets everyone moving on the dance floor. Having cut his teeth with

the legendary hip hop outfit, **The Def Squad** featuring **Erick Sermon**, **Keith Murray**, **Redman**, **Jamal**, **Malik** and **Da Rockwilder**, **TahMac** produced some of the most phenomenal tracks of all time, helping build the Def Squad brand into a staple fixture in hip hop culture.

With a decade of experience under his belt, Tah knows how to create the very best music with top quality artists. Not one to be pigeonholed, **Tah** has worked with diverse array of talent including **Jo Jo**, **Javine**, **Ciara**, **Onyx**, **Leona Lewis**, **Redman**, **Aretha Franklin** and **The Charlatans**. Often describing his music as a ‘*Global Sound*’, **Tah** has finally crafted a sound that is uniquely his own.

So watch out for **Tah Mac** when he brings his spectacular live show and killer *bag of tunes* over to the UK!
